### Mingling Magic Rider for Mysto the Magi

To insure the best possible experience for your guests and clients the following are required:

- Music should be in the background so that conversation, introductions, and comedy routines can occur without the need for shouting or repeating.
- If there is a live band or DJ playing at the same time they should be in another room or as far away from the close-up mingling magic performance as possible.
- Tables should be arranged in such a way to encourage “on-looking” and curiosity by nearby guests. So that they will anticipate the arrival of the magician “Mysto” to their table. (See charts for suggested varieties of table placement).
- A secure room will be available for coats and storage of magic equipment and cases.
- Water or sparkling water with a lime will be provided in a cocktail glass so the performer appears to be part of the party.
- Never make the magician a “surprise”. It is best when guests know and expect and anticipate the entertainment. (Photos, posters, and personalized promotional video’s will be provided for you by Mysto during the week leading up to performance if appropriate for the event).
- Please provide a suitable email for these to be sent.
- The names, phone numbers (for texting or calling) and photos of the contact people and who they are in the organization will be provided at least 48 hours before the date of the event. This will make it easy for this entertainer to find you in case the event is in full swing when he arrives.
